GREAT SUCCESS OF UPHAM'S
PILE ELECTUARY.
Portland, Me., March 14, 1847
Dr. UPHAM—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Electuary. I have been a perfect martyr to the bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. Eyes also became affected, and in fact I was a burden to myself. I was obliged to give up my business, and tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends, I was induced to try a box of your medicine. The first I found to relieve me slightly; still I persevered, and purchased a second, and am sure you, when I got half through, I found myself getting well—still I kept on, and now I am a new man. My dear Sir, language cannot express the best I think that I am once more restored to health, and now in a condition to support my large family, dependent on me.

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.
THE articles above named are the principal ingredients of this medicine. With these ingredients of vegetable origin are combined, designed to render them more active and consequently more immediately effective
The Dock or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time
For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he became the idea of uniting them which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess
A large portion of Sarsaparilla is soluble and has generally been supposed. The extract found to be reliable and at least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without the aid of any other accelerating agent. None is permitted to be used in the compound as it has not been ascertained by this process and that has been less than a year in preparation
The Compound is recommended for Scrofulas, Erysipelas, Cutaneous affections, Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtaxing the physical powers and other abuses of the constitution among which are Nervousness, Loss of Appetite, Loss of Strength, Indigestion or Dyspepsia
In diseases of warm climates with which the people of the South become familiar in this practice in Havana some years since the compound will prove a most efficacious both as a remedy and a preventive
This medicine has been for some time in use in this vicinity where its properties have passed nearly half a century of this professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren more extensively than is known

Important Letter.
MESSRS. CURTIS & SMITH
Dear Sirs—I herewith enclose you a few lines relative to Doctor Downs Elixir which for the benefit of the suffering if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life. Her symptoms were bad—a pain in the side and stomach, night sweats and other pulmonary signs of pulmonary consumption. We consulted our best physician who gave her little, or no relief and finally gave over her case incurable consumption. She continued to become weaker and the symptoms more confirmed
About this time at the suggestion of a friend, we concluded to try Downs Elixir. Having procured a bottle from your agent (S R Bryant, Hampden) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system. After having continued its use most of the time for one year, she calls herself cured. She is now able to go about the house and superintend affairs as usual. Under God we believe that to Downs Elixir alone she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success. Yours truly,
(Signed) SWAIN P NORDSTROM
The above is only one of a thousand similar letters which we are constantly receiving from all parts of the country almost daily
DOWNS ELIXER is unquestionably the best article known for the cure of COUGHS, COLDS and CONSUMPTION. It is more certain to give relief in all cases of ASTHMA—often a perfect cure—than any thing hitherto offered to the public
In cases of WHOOPING COUGH it needs only to be tried to secure it preference over all other remedies. It instantly breaks up the cough and renders a more plaything what is otherwise a scourge and terror. For the CROUP it is a positive cure. We speak with confidence for it has never failed and we believe never will when used according to directions

Committee of Arrangements.

The Alarm of the Leaders.

One of the most significant facts of the dismay into which the nomination of Gen Taylor has thrown the the loco party in this State, is the movement of Mr. Sewall of Oldtown, for an alteration of the law of last session providing for the choice of Electors by a plurality of the votes of the people.

The delegates from Maine to the Baltimore Convention, after the nomination of Gen Cass, pledged this State to a majority of ten thousand in his favor. A few short weeks only have passed, during which Gen Taylor has been nominated by the Philadelphia Convention, when behold the party blanching to be democratic, and who had pledged a large majority for the State, shake it their sleeves, and in their alarm and misgivings as to their being able to carry the State, propose to seek advantage by legislation in taking into the hands of the legislature already chosen, the election of Electors in case they are not chosen by a majority vote by the People. This quivering betrays fear and weakness, and must have come over the leaders, or Mr. Sewall at least, by intelligence received from different parts of the State of the breaking away of the honest people from the yoke rule of party. The effect upon the Whigs should be to encourage them to labor in the cause, and to labor the harder in order to success. This movement shows them how desperate the prospects of the loco party appears to leaders, and how little confidence they have in the people, and how desperate they are to expedients.

☞ The Whigs and friends of Zachary Taylor held a grand rat fication meeting in the city of Lowell on Monday evening, where the proceedings of the Philadelphia Convention were enthusiastically approved and ratified.

The Lowell Courier gives a cheering account of the political state of that city where an immense whig majority will be rolled up on the seventh of November for the true and truely Gen Taylor whose heart is always in the right place.

Among the matters of interest at the ratification meeting was the speech of Capt Wm Austin, a former citizen of Lowell but now a near neighbor of Gen Taylor. He stated many facts of deep interest, not the least of which was, that he received his tuition, from a New England man, a gentleman from Connecticut; and his feelings towards this portion of the country were of the kindest and most respectful character. He described his personal appearance, and the respectful regard which involuntarily influence all who approach him. In this peculiarity, he very much resembled Gen Washington. He also alluded to his humane and generous disposition, and to the very great kindness which he manifested to his people, and all who were around him; and to the fact, that he was known to use no language unbecoming a christian, and especially that he often advised young officers who served with him, against profanity and the use of stimulants before battle.

☞ A few noisy Whig boys got together at the City Hall on Saturday evening and formed a "rough and ready club." The tallest lad in Wm. A McCrillis, who was chosen President of the Whig infant school.—[Democrat.

This is quite a characteristic paragraph for the Democrat. No club was formed on Saturday evening. The remark was probably intended to apply to the formation of the Rough and Ready Club of the young men of our city on Friday evening last. This switching of the Democrat, in calling them "noisy Whig boys," will probably prepare the Club for effecting a thorough organization of the city, for the coming elections and rolling up a large majority for the Taylor ticket; and then if they do make a little "noise" to wake up the 'child' of the Democrat, it would not be strange.

☞ The Bangor Senator brought to our city yesterday, three hundred and six passengers. Over a hundred of these came to attend the conference.

Maine State Conference of Congregational Churches.

The Conference met at Hammond street Church on Tuesday, June 27th, at 9 A. M., and came to order, Rev Mr Thurston of Searsport being President, and Rev Mr Cutter of Bangor Secretary.—The exercises were opened by singing a hymn, after which followed reading the Scriptures and prayer. The names of the delegates were next called, and the Constitution and rules read.

A committee of nomination was appointed consisting of Rev Messrs Sewall of Castine, Palmer of Bath and Berham of ——.

Waldo Conference petitioned to be admitted. It was explained by the President how the Waldo and Hancock Conferences had separated, which previously they were represented by the same delegates. This separation was grounded upon the inconvenience arising from the River Penobscot flowing between the two counties.

On motion Rev Messrs Savage, Tappan and Malt by be a committee to report as speedily as desirable on this point.

Gentlemen, delegates to other ecclesiastical bodies were then called upon to make report, but it was suggested by Mr Warren to defer this, it being a matter of some interest and the hour having but just arrived but few were present, and more than this they will not be entitled to a seat unless they should report themselves.

The suggestion was not adopted, and of those called on, a few made reports especially Mr Warren delegate to the Methodist Conference. He attended their Conference last year, stated his object not to effect on either side a change of sentiment, but since we agree on many more points than what we disagree on, we wish to cherish a kind feeling and open a correspondence. He was kindly listened to.

The Secretary presented a report from a Committee appointed last year on [the noise prevented the subject from being heard by the reporter.] This report on motion was referred to a committee of five consisting of Messrs Sewall, Palmer, Hurd Berham, and Dr. Pomroy.

Mr Chickering about localities in connexion with old school Presbyterians, but was unintelligible from confusion in and about the house. What he suggested was referred to a committee of three consisting of Rev Messrs Thurston of Winthrop, Tappan of Castine and Weddington of Bath.

The chair here inquired if there was further business. He then stated that last year memorials from certain county conferences on slavery were referred to a committee, was that committee prepared to report?

D Pomroy—They were not ready to report because they had not seen each other since the arrival of the boat.

The subject of Congregationalism was recommitted to the Committee of last year.

Mr Ilsley—are they prepared to report

Dr Park—We shall be in the course of the conference, not now.

There was all the matter left over to this Conference except the Seminary.

Have the committee of arrangements any thing for the Conference?

Mr Manley—The delegate from N. Hampshire has not been called on. If there be any delegates present they will please step forward.

Mr Hurd here rose and made a pearabee and gave a brief account of his reception.

The Chairman stated to the conference that Rev Mr Caldwell of the city had presented his certificate as a delegate from the Baptist State Convention.

Dr Dunlap—It is proper perhaps for me, to state that Mr Calhoun is present from Mount Lebanon, and may be regarded as a delegate from the American Board. I have that (is usual) all ordained ministers who may be present, be invited to sit and deliberate with us. This motion was then glanced at, and voted in. Evangelical ministers was passed. Here Messrs Burgess & Smith, delegates from New Hampshire were announced, and Rev Mr Gale from Massachusetts.

Mr Warren spoke about memorials from Cumberland County, but could not be understood.

The committee of arrangements was again called on, Mr Maltby said. The hour of public worship has arrived I suppose, I have requested Mr McDonald of Long Island, to preach a sermon, and Rev Mr Sawyer of Garland, to take the pulpit with him. The Chairman here invited the audience to attend to the exercises.

The services opened with singing the 72d psalm in Long Meter, to Old Hundred, the congregation joining in.

Prayer was next offered by Mr Sawyer.

The Preacher then announced his text, 1st Cor. 1st chap 18th verse.

No man ever evinced stronger proof of the power of principle than the Apostle Paul.

The ablest sophists of Greece and Rome might laugh at the manner and matter of what Paul preached, but he was not to be dismayed, but to appreciate fully the force of the Apostle's opinion, we must compare him with what he was before his conversion.

He was a man of learning, was conversant with the Grecian and Roman lore, and had to face the ridicule of such philosophers on his conversion. But Paul was not ashamed of the Gospel of Christ. The reason he assigns is that it is the wisdom and power of God unto salvation.

This is the subject to which attention is invited.

Its power may be noticed in its abolishing the distinction between Jew and Gentile, the middle wall of partition between them.

2nd. Its power is exhibited in overcoming pagan and false religions. See what it did in Greece and Rome, leading to the deserting of temples, the abolishing of sacrifices; and see what it has done in the Sandwich Islands within 25 years.

3rd. It teaches the necessity of regeneration. It lays the axe at the root of evil, not lopping off simply the outer branches, and gives up the infidel who is satisfied with reformation of conduct and thus thinks to find acceptance with God.

In view of what has preceded blessed be the Lord God of Israel, who only doeth wondrous things, and blessed be his glorious name forever; and let the whole earth be full of his glory.—Amen.

The exercises closed with prayer and benediction after which the Conference were requested to tarry.

☞ The Boston Times says that the course of Judge Mason, the Collector of the Port of Boston in opposing the election of Gen Cass, is, "simply to gratify a personal dislike," and is "unpardonable and reprehensible." It also says that the course of another of its party for the same thing, "finds its living parallel in that of Jesse by Arnold." Our neighbor of the Democrat may put this in his pipe and smoke it.

SEVEN DAYS LATER FROM EUROPE.

The Boston Times, having again employed the steamer Buena Vista, to express its news from Halifax, brings us the latest intelligence from Europe. This enterprise on the part of the Times is great.

In London the money market remained without alteration, capital continuing abundant, but there was no disposition to lend except upon first rate security. First class paper ranged at 3½ to 4 per cent; warrants and other securities 6 to 7; money on call, about 2 per cent.

The Cotton Market at Liverpool was rather languid, sales being mostly confined to immediate wants for consumption, and holders being rather desirous of realizing. Prices therefore slightly receded.

The extremely fine growing weather which continues to prevail, exercises a very depressing effect on the grain trade in all parts of the United Kingdom. Holders of wheat are obliged to a reduction of 1s to 2s per quarter. Barrelled Flour does nothing more than 27s 2d to 28s per barrel. Indian Corn has business at improved terms, white not realizing more than 30s to 32s and yellow 33s to 34s per quarter. A few days ago sales were forced at 1s 6d per quarter under the above prices. Indian Meal is now quoted at 14s to 14s 6d.

IRELAND.

The events of the past week are not very important. The Repeal Association and the Irish Confederation have at last fraternized. A new society, to be composed of the members of both these bodies, is to be formed. It is to assume the style of the "Irish League." It is to be managed by a committee, chosen from the members of both the late societies, and to agitate the question of repeal by constitutional means alone.

Bubbles are entertained by many, whether such materials as the proposed League will contain, can work harmoniously together for any length of time. The Government has not yet made any move to conduct Mr Smith O'Brien and Mr Meagher. Sympathy for Mrs Mitchel and her children is still expressed, and the funds collecting in their behalf are daily increasing.

On Monday, the 5th, Mr John O'Connel summoned the next meeting of both the Conciliation-hall folks and the Confederates would take place on the next Monday, June 12 after which both would adjourn *sine die*, and the new association be brought into existence.

The committee of the repeal association have agreed as to the terms of the new association—It is to be called the "Irish League," and each member is to be responsible only for his own sayings and doings.

FRANCE.

It was rumored in Paris, and accredited by the Commerce, that a certain "high personage" who has just arrived at London, had been arrested. The personage alluded to is said to be the Prince de Joinville.

The returns for the eleven vacancies in the Deputation of Paris were proclaimed on the 9th at the Hotel de Ville.

Louis Blanc has made his defence before the Committee, against the charge of having been concerned in the insurrectionary movement of May 15th, and the Assembly rejected the proposition to grant the Procureur General leave to proceed against him, by a vote of 369 to 338.—Upon this Jules Favre, who had presented the resolution of impeachment, Mr Bastide, the Minister of Foreign Affairs, tendered their resignations, but they had not yet been accepted.

The rumor of a probable retirement of Lamartine and Ledru Rollin is not current.

At Lyons there have been fresh outbreaks and the laborers on the Rouen Railway have demanded the expulsion of all those English who are employed on the line. The directors of that railroad complained that at Paris no one was willing to accede to their wishes, and the Assembly resolved not to accede to their wishes on this point.

Further disturbances have occurred at Limoges, in consequence of the authorities having decreed to close a club. The operatives, consisting of troubled, and it is feared more serious, assembled a large military force against them.

A collision ensued, and some persons were killed and others wounded. The insurgents then assembled, withdrew from the town, and encamped at three leagues from Limoges, on the country house belonging to Marshal Soult, Duke of Dalmatia. They proposed, it is said, to assemble all of the neighboring peasants, and to march against Limoges.

RUSSIA.

The cholera is making sad havoc again in Russia. According to the *Berlinschen Nachrichter*, there were in one week 1,55 cases of the disease, 57 of which terminated fatally. The epidemic is also ranging in Wisdnow and Vechenigoled, and in the government of Podolia.

AUSTRIAN ITALY.

Surrender of Peschiera, and Victory of the Italians over the Austrians.—Advices from Paris to the 1st have brought the important intelligence that Peschiera had surrendered, and was in the hands of the troops of Charles Albert, and that an engagement had taken place at Goito between 30,000 Austrians, who had just marched from Verona, and 15,000 Piedmontese, the result of which was that the former were completely routed and being pursued by the cavalry, when flying in confusion, a great portion was cut to pieces. The King and the Duke of Savoy were personally engaged in the combat. The former received a slight contusion of the arm from a cannon ball that passed near him, and the latter was slightly wounded by a musket ball; not sufficient however, as to induce him to dismount, or to retire from the field.

The following abstract of the general continental news, is from Wainer & Smith's European Times—

The Continental news is still of a Grave character. By a successful and we hope decisive battle, the hopes of Austria, with regard to the reduction of Italy, are annihilated. The Piedmontese and the Lombardians have proclaimed in favor of the Union; and Charles Albert, who is now regarded as the liberator of Italy, is to be rewarded with the Crown. Germany, especially Prussia and Austria, continues in a very unquiet and unsettled state, whilst the renewal of hostilities in Schleswig, now acknowledged to be caused by the armed intervention of Russia, will, we hope, lead to an immediate and satisfactory arrangement, which we deemed perfectly obtainable from mere mediation, however influential—Prussia, if she is well advised, or rather the Germans, will do well to abandon their pretensions even in Holstein, at once—as we will find that *le fin as saint ret in chevalerie*. War is sometimes very glorious, but always costly.

Fire at Taunton.

OFFICE OF THE AMERICAN WHIG
Taunton, June 24—4 P. M.

The Bristol County House took fire in the roof about 2 o'clock, P. M., and is a mass of ruins, nothing but the walls standing. Loss about $6,000 insured in a Boston office for $5,000. Furniture belonging to Mr Lowe, the keeper, principally saved, though in damaged state. The furniture is insured from $500 at Lee Lowdlich office.

☞ The Boston Times one of the leading loco papers in Massachusetts, states that the person who was voted for at the Baltimore Convention, which nominated Gen Cass as the choice of the Democratic Party, or will subscribe to—

Destruction of the Dearborn Block in Boston, and the loss of two hundred and seventy-five thousand dollars in goods.

On Saturday morning the four story granite building, on Federal st, Boston, known as Dearborn Block, was the scene of a most singular casualty. From some imperfection in the building, and the weight of goods from a base, the floors settled. In a moment the lower floor, together with those above it, broke through and precipitated boxes, bales, and packages that had been stored in the upper rooms, to the cellar, leaving the interior of the building from the roof downward, in the shape of a reversed cone.

There were about thirty persons in the building at the time, all of whom escaped unhurt with the exception of one young man, who had one of his hands somewhat bruised. One of the persons engaged in the store, in hooping some casks at the time of the crash, and seeing a certain destruction through the floor in company with the case upon which he was at work—threw himself out of the window, three men who were in the third story, upon hearing the cracking come down by the falling of a boy in the fourth story was so frightened by the crash, that he got out of a window upon a narrow stone sill and walked the whole length of the block, the spectators looking on, shudderingly, expecting to see him precipitated to the street below. He however reached the end safely. One of the clerks is stated to have got his head slightly scratched, which is the only injury that was received.

The building was recently erected by Mr George Gerrish, of Chelsea, and owned by him. The occupants on the first floor were Messrs Butler, Richardson & Co., and on the second and upper floors Messrs Waterston, Pay & Co. Both firms were engaged as wholesale dry goods.

In the afternoon, there was another crash, the second and upper stories falling into the basement, and several persons were injured, and one young man buried in the ruins, where he remained for four hours, while a body of men laboured at the imminent peril of their lives, to rescue him; and at length succeeded, and he will most shortly recover. His name is Carlos Pierre, aged 17 years.

The loss of property of goods, is estimated at $ 75,000.

CONGRESS.

Washington, June 24.

In the Senate, to-day, the business was mostly unimportant.

Mr Hale's resolution, instructing the Committee to report a bill to abolish slavery in the District of Columbia, was negatived by 7 to 36.

Reverdy Johnson's resolution calling for a list of officers in the Baltimore Custom House, was adopted.

The bill to promote the despatch of business in the Supreme Court, was amended and passed.

The Senate proceeded to the consideration of private bills for the rest of the day, and adjourned.

In the House, there was some discussion between Messrs Hunt and Cobb of Georgia, respecting the manner in which the former introduced a report a few days since. The Senate bills were then considered. The case of Joseph Nourse was discussed at length.

New York, June 24

The U S frigate Erie, Capt Watson, arrived at the attention from Rio May 7th. Capt Watson is letter of the treaty between that country and the Government of Peru. The letter was found in the body of Commodore Dallas.—[Ev Gaz.

☞ While the Rough and Ready Club, of this city, were marching from the steamboat to the town house, in Hampden, on Saturday evening, a Locofoco sympathizer in a Whig that they looked as though they were marching to a funeral.

"Oh, yes," was the ready reply, "they intend to bury their enemies."

A simple statement like the following, ought to be a sufficient inducement to any one suffering with diseased lungs, to make a trial of Wistar's Balsam of Wild Cherry.

Prospect, Oneida Co., N. Y., May, 1848.

Mr S W Fowle—Dear Sir,—I take pleasure in stating to you my experience in the use of Wistar's Balsam of Wild Cherry.

In the first of February, 1845, I was attacked with a difficulty of the throat, which brought on, in appearance to the friends of the patient, a consumption. I was called physician after physician, without relief, my case was incurable. My friends and myself did not expect to find ourselves in the morning. I was induced, as a last resort, to try Wistar's Balsam, and after taking the first bottle I felt great relief. I continued to use it, and after taking four bottles I considered myself cured, and for the last year I have had no occasion to use any medicine for the lungs, and believe myself entirely well.

DYSENTERY CORDIAL.

Immediate & Perfect Cure

OF HOLERA MORBUS DYSENTERY DIARRHEA SUMMER COMPLAINTS OF CHILDREN AND SEA SICKNESS ON THE ATLANTIC

WHERE will be found a more powerful remedy for the above complaints than the Cordial now offered to the public. It has been used in many families in this city for the last two years with the most unbounded success, and has never failed in a single instance to effect a cure when taken according to the directions. It is entirely vegetable in its composition, and may be given to the youngest infant with perfect safety. It is also a most powerful remedy for Cholera Infantum, and all complaints incident to children during the summer season. Numerous certificates can be produced from persons who have used it in their families, and can testify to its virtues. Those who have been afflicted with the above complaints for years, and have tried every remedy without effect, will find relief by the use of a few bottles of this Cordial. Those who are travelling by land or water, should not be without it, as it is the best remedy ever offered to the public for the cure of Sea Sickness. Those who are troubled with Cholera Morbus, Dysentery, Diarrhea, or Summer Complaints, will find relief by the use of a few doses of this Cordial. Those who are troubled with Cholera Morbus, Dysentery, Diarrhea, or Summer Complaints, will find relief by the use of a few doses of this Cordial. Those who are troubled with Cholera Morbus, Dysentery, Diarrhea, or Summer Complaints, will find relief by the use of a few doses of this Cordial.

Cholera and Common Cholera Morbus

[illegible] Cordial must be used in connection with the Dysentery Cordial, as it will relieve the stomach and bowels of the bile, and prepare them for the action of the Dysentery Cordial. Price of the Cholera Cordial 50 cts per bottle. Price of the Dysentery Cordial 50 cts per bottle. Both of these Cordials are for sale by the subscriber.

On MONDAY, the 5th of June, for the receipt of the Cordials. The Cordials will be found at several stores in this city, and in the country towns. The Cordials will be found at the following stores in this city, and in the country towns. The Cordials will be found at the following stores in this city, and in the country towns.

CONSUMPTION CURED!

TRIUMPHANT SUCCESS OF

Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY

FOR

COLDS, COUGHS, ASTHMA and CONSUMPTION

The most celebrated and INVALUABLE Remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by Dr. Buchan, of consulting England, tested for upwards of seven years in most of Europe, on the Continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.

The astonishing success of the Hungarian Balsam in the cure of every form of CONSUMPTION, warrants the American Agent in publishing to the WORST POSSIBLE CASES that can be found in the community, names that seek to the cure, come up to the remains remedies of the day, and have brought up by the most skilful physicians as confirmed and INCURABLE. The Hungarian Balsam has cured and will cure the MOST DESPERATE Cases. It is a quick restorer, but a sure one. English Statistics of known and fatality in the

TO THE CONSUMPTIVE

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the too frequent attacks of Colds, Coughs, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, [illegible] water, nausea, caution and painful debility, asthma, influenza, hooping cough, and croup.

In case of actual disease of the lungs, or settled Consumption, it is the ONLY REMEDY. Sold at 50 cts. and $1 per bottle, with full directions for the sweet [illegible] of health.

Pamphlets, containing cures in England and America, certificates and other evidence, showing the unequalled merits of the Great English Remedy, may be obtained of the Agents gratis.

None genuine without the written signature of the American Agent on a gold and bronze label, to counterfeit which is forgery.

SACCARAPPA,

(Formerly GRAY)

WOOLEN FACTORY

THE SUBSCRIBER, Agent for the Saccarappa Woolen Factory, would again respectfully give notice that he will be prepared to receive Wool, during the coming season, to manufacture into Cloths for customers, at the old place

No 115 Broad Street, Bangor.

He will manufacture on shares, or at the following rates, viz:—

Cassimeres	from 35 to 15 cts. per yd
Fulled Cloths	30 " 37½ do
Satinets, and fur sash warp	28 " 30 do
Blanketing, over 2 yds wide	33 " 37½ do
White Flannel	12½ " 17 do
Colored Flannel	15 " 25 do
Colored & Pressed Flannel	25 do

In addition to a good assortment of the above named Cloths, Broadcloths and Lasseys will be kept constantly on hand, and will be given in exchange for Wool on the most favorable terms—Wool should be well washed, either on the sheep or after it is sheared.

Grateful to the public for the very liberal share of patronage so recently received, the subscriber hopes, by the improvement in the manufacture of cloths, and by due attention to business, to merit a continuance of their favors.

MADAME DOUPEE,

Female Physician,

RESPECTFULLY informs the Ladies of Boston that she will attend to all cases of Female Diseases.

Madame Doupee is well known in this country as a celebrated Female Physician from Paris. She has practiced in the city of New Orleans for ten years past with unparalleled success.

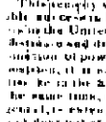
Madame Doupee attends only to the diseases of females. She is the widow of Dr. Doupee of Paris, and uses the celebrated Pills known as Dr. Doupee's Female Monthly Pills. These Pills have long been in use in Europe and the United States, and are well known by ladies to be the great regulator of the females, having never been known to fail.

Madame Doupee cautions married ladies not to use these Pills during pregnancy.

Females laboring under various weaknesses peculiar to their sex, may consult Madame Doupee with the utmost confidence, being sure of relief and a positive cure. The strictest secrecy observed in all cases. Price of the Pills $2.00 a box, and a cure warranted in all cases. All communications (post paid) with a fee enclosed, will be promptly attended to.

Madame Doupee may be found at No. 55 Union St, from 9 A. M. to 1 P. M. wly Feb 17

Kinkbride's Tattersall's HEAVE POWDERS:



A SAFE, SPEEDY AND PERMANENT CURE for *Heaves, Broken Wind, Chronic Coughs, Colds*, and all other diseases of the lungs, liver or blood of the Horse, or Cattle.

Soundness of the Animal's Wind,

This remedy which has for many years been used and considered by Horse-men in England to be unequalled by any known in the United States as a safe, speedy and effectual remedy for those distressing complaints. From the combination of powerful vegetable alteratives and expectorants, it is calculated to complete a cure speedily and effectually, and at the same time, to exert a healthful influence upon the general system, by giving tone and vigor to the digestive organs, and purifying the blood. In all cases of Heaves, Coughs, Colds, Distemper, Inflammation of the Lungs, Liver, Kidneys, Blood, &c., it will be found an invaluable remedy. It is also a powerful preventive of Epizootic diseases, and will be found a safe and certain remedy for Hide Bound, Loss of Appetite, Yellows, Worms in the Head, Mange, Scratches, Grease, Surfeit, Fever, Inflammation of the Eyes,
